	Beijing Jiaotong University , Beijing, China B.S. in Logistics Management, School of Economics and Management Minor in Industrial Engineering, School of Mechanical, Electronic and Control Engineering	2011 - 2015
RESEARCH PAPERS	Efficient Resource Allocation Contracts to Reduce Adverse Events. with Yong Liang, Peng Sun, Chong Zhang. <i>Operations Research</i> , 2023, 71(5):1889-1907.	
	Collaborative Vehicle-to-grid Operations in Electricity Regulation Markets. with Ho-Yin Mak. <i>Manufacturing & Service Operations Management</i> , 2024, 26(3):814-833.	
	Robust dynamic programming for Cloud Computing Resource Provisioning. with Yong Liang. <i>Production and Operations Management</i> , 2025, accepted	
	Data Center Network Design for Internet-Related Services and Cloud Computing with Yong Liang, Mengshi Lu, Zuo-Jun Max Shen. <i>Production and Operations Management</i> , 2021, 30(7):2077-2101.	
WORKING PAPERS	Information vs. Temptation: Managing Live-streaming E-commerce with Liu Yang, Laurens Debo and Shuo Huang. Major revision at <i>Manufacturing & Service Operations Management</i> .	
	Spatial Flexibility of Autonomous Vehicles in Shared-Mobility with Long He, Yong Liang, Jeannette Song. Major revision at <i>Management Science</i> .	

Be Ready for the Future? An Economic Analysis of Over-the-Air Software Upgrades in the Automotive Industry
 with Zhe Wang, Zhiling Guo and Ram Ramesh
 Major revision at *Information System Research*.

Managing Hybrid Chargers in EV Stations: Pricing by kWh or Time?
 with Rowan Wang, Zhongbin Wang
 submitted.

Landslide Disaster Management with Drones: Smart Predict-Then-Optimize with Transfer Learning
 with Mingce Wang, Chao Fang, Yong Liang.
 submitted.

Two-Sided Subsidies for Electric Vehicles: The Role of Regional Characteristics
 with Saed Alizamir, Michael Blair.
 in progress

RESEARCH INTERESTS

Topics: Supply Chain Management for Emerging Technologies, OM/Marketing Interface, Platform Economy, Smart City Operations.

Methodologies: Game Theory, Data Driven Optimization, Robust Optimization, Dynamic Mechanism Design.

TEACHING

Graduate Courses

- Data-driven Models and Optimization
- Academic Writing in Management Science
- Advanced Statistics Analysis

Undergraduate Courses

- Applied Statistics Practising
- Digital Economy: Analysis and Practice

MBA/MEM/MPAcc Courses

- Digital Economy: Analysis and Practice (MEM, MBA)
- Data, Models and Decisions (MBA)
- Financial Management and Practice (MPAcc)

CONFERENCE PRESENTATIONS AND INVITED TALKS

Conference Presentations

- INFORMS Annual Meeting, Phoenix 2018
- MSOM Conference, Singapore 2019
- INFORMS Annual Meeting, Seattle 2019
- INFORMS Annual Meeting (Virtual) 2020
- POMS International Conference, China 2023
- POMS International Conference, Paris 2023
- INFORMS Annual Meeting, Phoenix 2023
- ISCOM, Shanghai 2023
- MSOM Annual Meeting, Minneapolis 2024

- CSAMSE, Xiamen 2024

Invited Talks

- Renmin Business School 2021/09
- Tsinghua SEM 2024/01
